

**IN SEARCH OF BEST
PRACTICES FOR
PSYCHIATRIC EMERGENCIES**

Join us for a panel discussion as representatives from Elliot Community Human Services, Mass Behavioral Health Partnership (MBHP), Lahey Health Behavioral Services and other community organizations describe the services they provide, and what each community organization is doing to improve access to help for people in a suicidal crisis. We will focus on ways in which systems collaborate well to ensure safety; what is new; and what are current or emerging best practices.

Adult and Youth Leadership in Suicide Prevention Awards will be presented.

This breakfast event is **free** but registration is required. Please share this information with colleagues and community members.
