

TUES, OCT 20TH MOLLY

Steve Flannigan shares his daughter's story

In 2013, Brittany Flannigan overdosed on the drug, Molly. Molly is often thought to be a “safe” recreational drug, with the dangers overlooked. Steve will talk about:

- dangers of Molly as a recreational drug
- the signals to look out for when a friend is in trouble
- the time frame you have to act
- the impact of a single decision
