## Never Use Alone

Never Use Alone provides a life saving point of contact for people who use drugs. We're there to help you in the event of an overdose. **Please call 800-484-3731 if you're going to use while you're alone** so we can send help if need be!

## Community and Collaboration: The GLHA Needs YOU!

### Join us in the fight to end preventable overdose deaths.

Protecting our loved ones from substance misuse is a priority of the GLHA. Our Substance Use and Prevention Task Force works to strengthen collaboration in the Greater Lowell community to prevent and reduce substance use disorders among youth and adults. The Task Force, which meets the 4th Wednesday of every month, has grown to include representatives from over 50 local health and human service agencies as well as youth, parents and other municipal officials. Some of our robust initiatives include the Merrimack Valley Substance Use Disorder Symposium, a Behavioral Health and Substance Use Provider Audit, and working on different grant cycles.

**For more information on these initiatives and other ways to get involved with the Greater Lowell Health Alliance, please visit [greaterlowellhealthalliance.org](http://greaterlowellhealthalliance.org)**
