# Community Teamwork

We are grateful to support the Merrimack Valley Substance Use Disorder Summit.

By sharing resources, we further education about this pervasive disease and together we become part of building healthier communities.

Community Teamwork is a catalyst for social change. We leverage our programs, our partnerships, and our collective voice to foster equity, compassion, and community engagement by creating housing, education, and economic opportunities.

Building Communities.  
Changing Lives.

**Together, let’s ensure everyone lives in health, dignity, and security.**

## Lowell House Inc

Lowell House, Inc (LHI), is a private, non-profit 501(c)(3) organization, that has been providing high-quality, accessible, and affordable addiction services and related support to the Greater Lowell community since 1971. Our programs cover a broad range of outreach, outpatient, residential, and living options that support recovery across a lifetime.

We serve most of the communities of the upper Merrimack Valley of Massachusetts and beyond, including recent additional services in Reading, and soon in Haverhill. We are one of the 2,400 facilities nationally that provide treatment for substance use disorder and mental health.

In our most recent year, we served over 2,008 people ages 13 to 99. We had 3,858 outpatient visits, 1,968 half-day Structured Outpatient Addictions Program (SOAP) visits, and provided 27,233 bed nights in our residential program.

*We look forward to partnering with you!*

Life Connection Center is a homeless outreach center and community kitchen focused on serving people with uncompromised compassion and care. With a goal of “Saving Lives Across the Table”, Life Connection Center believes that the road to recovery, health and wholeness can start over a home-cooked meal. We believe that food brings people together, it can aid in relationship building and can truly be the medicine we all need.

Currently, Life Connection Center is providing meals, groups and recovery services to over 1500 individuals living with homelessness, poverty, addiction and poor health. Guests enjoy a complimentary highly nutritious meal and access other services as needed such as overdose education, individual peer counseling, nutrition education, HIV/STI testing, wellness checks, clean syringe access, and referral to various medical and social service providers. We also have a mobile van outreach operation that utilizes the same method of relationships-based intervention and trust-building which provides encampment outreach, syringe access, distribution of healthy foods and transportation to various services. We have two recovery groups, Recovery Church (Faith-based) on Wednesdays at 3:30 and Coffee & Conservation on Thursdays at 3:30. Both of these groups are run by persons with lived experience. Our doors are open for persons currently struggling with substance use disorder looking to reduce harm in their current use.

Lowell Community Health Center (Lowell CHC) is a federally qualified health center serving low income, immigrant and refugee populations in the Greater Lowell (MA) area. Services include: primary medical care; OB-GYN; behavioral health services; HIV testing; counseling and treatment; Office Based Addiction Treatment (OBAT) program; alternative therapies; case management; community health promotion; specialty care; 403(B) pharmacy; dental and vision clinics; an afterschool youth development program; and comprehensive school-based health clinics. Lowell CHC is the community partner of Wellforce Care Plan, a MassHealth Accountable Care Organization (ACO) Partnership Plan to improve access to care and reduce health disparities for low-income individuals and families. Our mission is to provide caring, quality and culturally competent health services to the people of Greater Lowell, regardless of their financial status; to reduce health disparities and enhance the health of the Greater Lowell community; and to empower each individual to maximize their overall wellbeing.

In addition to its outpatient clinical programs, the OBAT department has a team of outreach educators who provide a variety of overdose and opioid related educational workshops, trainings and patriciate in community events. The team collaborates with community-based programs, faith-based organizations and the schools to provide these services. New projects are being incepted to provide more group work with specific populations such as women and recently released men from incarceration.

MindWise Innovations is powered by the behavioral health experts at Riverside Community Care. MindWise equips schools, workplaces, colleges, and communities with tools to help them address mental health issues, substance use, and suicide risk – enabling their members to live healthier lives. Our suite of products have been proven to reduce suicide attempts and includes online tools and trainings that provide guidance to those struggling with depression, opioid and substance use, anxiety, trauma, eating disorders, and more. MindWise partners with organizations who want to end the stigma that prevents their members from seeking assistance. Through informing, identifying, and connecting individuals with quality resources, MindWise empowers organizations to promote the well-being their community members deserve – and ultimately saves lives.

The New England Consortium (TNEC) at UMass Lowell is the region's model Hazardous Waste Operations and Emergency Response (HAZWOPER) Worker Health and Safety training organization.

Since 1987, TNEC has provided dynamic hands-on, participatory health and safety training. With simulated works tasks and mock incidents, students gain a better understanding of work site hazards and how to properly respond in an emergency situation. We offer training on-site and at our training center for public agencies and private companies.

Workers who can benefit from TNEC's training are employees who come in contact with hazardous waste and materials, employees who respond to hazardous work site situations and emergencies and Management, Supervisors, Training leaders, Health and Safety officers, and Material handlers. We train municipal employees, engineering firms, chemical manufacturers, waste facilities, Police Officers and Colleges and Universities.

In February 2015, the Lowell Health Department received the Partnerships for Success 2015 (PFS-2015) grant from the Department of Public Health, Bureau of Substance Addiction Services. The goal of the grant is to implement evidence-based prevention programs, policies, and practices to reduce the nonmedical use of prescription drugs (NMUPD) amongst individuals ages 12 to 25 years old in the high-need communities throughout the Commonwealth.

The Lowell Partnerships for Success (PFS) Coalition was started as a means to bring awareness to and educate youth and parents/guardians on the topic of NMUPD. The PFS Coalition is working on social marketing campaigns aimed towards youth and parents/guardians with the intention of decreasing the NMUPD and increasing proper storage and disposal of medications. The PFS Coalition helps to educate and provide resources to youth-serving agencies within Lowell, including sports teams, classes, and after school and summer programs. PFS Coalition members also host resource and educational tables at community events.

Based out of the Tewksbury Police Department, SAPC works collaboratively with the communities of Billerica, Chelmsford, Dracut, Lowell, Tyngsboro, Westford and Wilmington to provide universal prevention intended to prevent underage drinking and other drug use in our youth. Research has shown that addressing the issue of underage drinking reduces the risk that youth will go on to use opioid and other substances as well as help prevent addiction.

Our efforts include cost effective, evidenced-based prevention training with the Botvin-LifeSkills curriculum, community forums and table talks, the use of mass media to send appropriate positive messages, sticker shock and social hosting liability campaigns. We are an active member of the Massachusetts Opioid Abuse Prevention Collaborative (MOAPC) as well as the Greater Lowell Health Alliance (GLHA) allowing for cohesive and consistent messages across our communities.

The mission of the Westford Health Department / Board of Health is to achieve

the highest level of wellness for all Westford residents and employees by reducing the incidence of illness and death. This is accomplished by assessing community needs, adopting and enforcing health regulations and implementing improved community strategies to provide affordable quality health care and preventative health programs and services.

Our Substance Misuse Prevention Program works closely with Westford Police, School Departments, the Westford Parent Support group, Community Behavioral and Mental Health Committee, and other local and state organizations to bring substance use prevention programs to the community. We have helpful resources available on alcohol, tobacco, drug and substance use.

The Westford Health Dept. accepts from Westford residents, used syringes, needles, and lancets only, no prescription or non-prescription medication will be taken at the Health Department. Please ensure that they are brought in a puncture proof container (such as a detergent bottle) and placed in the smallest containers possible. This will help minimize costs associated with disposal. There are two kiosks in the police lobby, one for sharps disposal only and the other for medication only.

Free Narcan rescue kits and training are available at Westford Health Department located at Town Hall 2nd floor, Mon-Fri 8:00am -4:00pm. If you have any questions, please call the Westford Health Department at 978-692-5509.

Funded by the Town of Wilmington, the Public Safety Department has an in-house clinician whom has the ability to serve anyone connected to Wilmington, MA. The clinician works primarily in partnership with police and fire/EMT around calls for service involving mental health and substance use; in addition, the clinician assists in resources sharing, referrals and admissions, continuum of care, service applications, brief treatment, and crisis assessments. Community members can access services outside of police/EMT involvement by contacting the Wilmington Police Department or by stopping into the station, all involvement is voluntary at the individual's choice. In addition, the Wilmington Substance Abuse Coalition organizes prevention and educational events to encourage community involvement and awareness of mental health and substance use across ages.

### **Zack's Team Foundation**

**Website:** [www.zacksteam.org](http://www.zacksteam.org)

**Email:** [zacksteam818@gmail.com](mailto:zacksteam818@gmail.com)

Zack's Team foundation was founded by Louise Griffin and Michael Gys following the passing of their son Zachary Dennis Gys after struggling with substance abuse for many years.

We believe that recovery is possible. We consider it our duty to bring attention to the common misconceptions of substance abuse. It is our mission to provide knowledge, hope and funds to help those families and persons affected by this wide-spread epidemic and disease. Many people fail to realize that substance abuse takes over one's mind and body. It becomes a lifelong battle and it is almost impossible to win the battle alone.

Finding appropriate treatment programs can be expensive, difficult, and confusing. Zack's Team Foundation uses 100% of its proceeds to send individuals to treatment. We believe in a 12-step based approach committed to helping individuals overcome the disease of addiction. We are also committed to spreading awareness and reversing the stigma that is often associated with those that suffer from this debilitating disease.

To apply for a scholarship through Zack's Team Foundation, the following criteria must be completed:

- Residency in the Greater Lowell Area
- Between the ages of 18-30 years old
- Exhaustion of all other financial means

Applications are available online [www.zacksteam.org](http://www.zacksteam.org). We are happy to answer all other questions you may have at [zacksteam818@gmail.com](mailto:zacksteam818@gmail.com)

### **Lowell Community Opioid Outreach Program (CO-OP)**

**291 Summer Street, Lowell, MA 01852**

**Phone Number: (978) 631-7240**

The Lowell Community Opioid Outreach Program (CO-OP) is an innovative program made up of first responders and clinicians that brings together public and nonprofit organizations to address the opioid crisis in the City of Lowell. The CO-OP is a partnership between the Lowell Police Department, Lowell Fire Department, Lowell Health Department, Lowell House, and Trinity EMS.

The Lowell CO-OP is committed to reducing the number of deaths attributed to overdose and is helping its clients towards the path to recovery by bridging the gaps in treatment services. The CO-OP follows-up with overdose victims and their families within 24-48 hours of an opioid overdose and facilitates access to treatment and harm reduction services for the overdose survivor and supportive services for their families. Children of overdose victims are referred to Project CARE for therapeutic and support services. The Lowell CO-OP completes outreach work specifically in the Lowell community by following up with clients in personal residences, the local shelter, and camp sites and offers education on treatment services, harm reduction, and other support services. The Lowell CO-OP also builds relationships with treatment providers and other local resources.

The CO-OP can be reached at (Cell) 978-631-7240 and (Office) 978-856-1260 and is located at 291 Summer St, Lowell, MA 01852.

### **Syringe Collection Program (Lowell Health Department)**

**107 Merrimack St, 4th Flr**

**Lowell, MA 01852**

**Phone Number:** 978-674-4304

**Website:** [www.lowellma.gov/1166/Sharps-Needles-Disposal](http://www.lowellma.gov/1166/Sharps-Needles-Disposal)

The Syringe Collection Program (SCP) was created to educate the community on the importance of safe and proper sharps storage and disposal, and to respond to discarded needle pick-up requests within the Lowell community.

The Syringe Collection Program Coordinator builds relationships with community organizations to identify locations of frequent needle discard, proactively removes discarded needles from reoccurring in public places, coordinates educational activities surrounding safe needle protocol, and is available to support community clean-up efforts. The Syringe Collection Program Coordinator also works to educate community organizations, neighborhood groups, schools, and youth-serving agencies regarding the importance of avoiding used sharps and the protocol to report discarded needles that are found in the community.

There are two ways to report a discarded needle found in Lowell during program hours:

- Call the program. Leave the address and specific location of where the needle(s) was found, the number of needle(s), and any additional information that is relevant to locating the needle(s). While it may be helpful to leave a return phone number in case more information is needed to locate the discarded needle(s), service is confidential and anonymous.
- Electronically submit a "Report a Hyperdermic Syringe" report. To do this, log into Civic Plus via the City of Lowell's website, [www.lowellma.gov](http://www.lowellma.gov).

For discarded needle pick-up requests outside of program hours, residents should call the Lowell Police Department non-emergency line at 978-937-3200. The Lowell Police Department will report the request to Trinity EMS. Residents ***should not*** call Trinity EMS directly to report a discarded needle.

Our goal is to help our patients successfully transition to services that will support their continued recovery

**Conexiones CSS** is the first and only bilingual/bicultural Clinical Stabilization Services (CSS) program in Massachusetts. Conexiones provides evidence-based substance use disorder treatment and integrated medical and support services. In the first week, each patient completes an assessment reflecting their treatment goals. Clinical stabilization services prepare patients for their transition to long-term services. Our goal is to stabilize and support patients as they move forward in their recovery.

**Conexiones services include:**

- Immediate medical/psychiatric evaluation and assessment
- On-site nursing seven days a week
- Psycho-educational groups
- Individual and group counseling
- Peer-led self-help groups
- Individualized case management
- Medication monitoring
- Medication assisted treatment
- Aftercare planning
- Health education

- Recovery support services
- Transportation

All services are available in Spanish and English.

Conexiones has room for up to 32 patients and accepts most forms of Medicaid. The average CSS stay is 10 to 14 days. In the first week, each patient completes an assessment reflecting their treatment goals and works to navigate an aftercare plan.

Column Health facilitates full recovery from mental illness and substance use disorders, enabling stability and self-actualization for our patients and team members. We restore hope to individuals and families suffering from these debilitating illnesses through evidence-based world-class treatment and education, while conducting industry-leading research and analysis to continuously improve the efficacy of treatment and service delivery.

We offer a full suite of mental health and substance use treatment related services including psychotherapy, integrated lab testing, detoxification, and medication management. By integrating a more comprehensive range of care needed to properly treat these illnesses, we are able to provide convenience for patients seeking a full range of needed care, enable better coordination of care, and facilitate improved effectiveness of the program for our patients and staff. We recognize that success in overcoming mental illness and substance use disorders is built on many factors, especially the interaction with and support of an extended community of people, programs, and places well beyond the walls of the clinic. We also recognize that our success is based on the success of our patients and of our extended community. We welcome opportunities to partner with other community businesses and organizations as we look for ways to expand the scope of benefits made available to our patients and staff. If you are an organization or local business interested in teaming with us and collaborating with our community of patients and providers, please reach out to us.

Treatment modalities include: Buprenorphine (Suboxone and others), Naltrexone (Vivitrol and others), Probuphine (implantable buprenorphine), Psychopharmacology (medications for mental illness), Psychotherapy (talking therapy).

**Phone Number:** (978) 452-5155

The Habit OPCO - Lowell Program is a comprehensive treatment program providing quality medicated-assisted treatment to individuals in the Greater Lowell area seeking interventions for addictive disorders with a primary focus on opioid abuse and dependence. The Habit OPCO - Lowell Program partners with other local health and social service agencies and supports the City of Lowell and the Greater Lowell region. The primary goals of the program are to assist the individuals we serve to improve their quality of life and increase public safety within our community.

In 2014, Habit OPCO - Lowell relocated to a new, state-of-the-art medical facility, located in a light industrial area on the Lowell/Chelmsford town line. The program opened at the new site in August of this year after operating in an historical mill building since its original opening. The move, originally planned for April, was completed in August. The new site is located at 22 Olde Canal Drive, Lowell, MA 01851. The 14,000 sq. ft. building was renovated to accommodate the needs of the program which now provides services for over 950 patients. The building is separated into two distinct areas, one area for the dispensing of medication and the other for clinical services and administrative offices. Both areas of the program have large open waiting areas that make the facility feel warm and welcoming. The building features 6 large group rooms, updated IT equipment, including a new server and phone system, and five dosing windows. Lowell dosing schedule is Monday thru Friday 6 AM until 12 noon, Weekends and Holidays 6 AM until 11 AM. We provide early counseling starting at 4:45 AM, Thursdays until 6:30 PM, and Saturdays 6 AM until 11 AM.

We are a comprehensive addiction program that provides a Day IOP, a Day SOAP, Step Down program, Recovery Group, and Individual Counseling. We tend to see people in the Merrimack Valley area, however if someone can get here from further all are welcome. The only requirements are that you are already detoxed and ready to make a change. The Day programs run Monday through Friday from 9 AM to 12:30 PM. The program runs for 3 weeks on a rotating schedule with various educational topics such as relapse prevention and communication. To complete the program with a Certificate, you must have all clean drug screens and two or fewer absences. Drug tests are given randomly twice a week and at intake. Step Down last for 6 weeks after the initial 3 weeks, however it is 3 days for 2 weeks, 2 days for 2 weeks, and one Day and one Recovery Group for 2 weeks. Recovery Group is available Thursdays 5 PM to 6 PM, for as long as you want to do it. If someone would prefer Recovery Group and not Step Down, they can choose to do that. In order to stay in all programs, you must remain sober. Individual counseling is available to anyone in or out of the program who needs counseling about their addiction and any co-morbidity. Most insurances are accepted as well as self-pay patients.

**Phone Number:** 978-455-4869; 978-804-7844 (Cell)

**Email:** [david@foxrunsoberliving.org](mailto:david@foxrunsoberliving.org)

Into Action Recovery, Inc. is a non-profit organization founded in 2015 by 2 sisters from Tewksbury and Wilmington, in an effort to fight the opioid crisis. Since that time, we have opened a long-term residential home that is highly structured and affordable. We model the philosophy of our home after the 12 Steps of Alcoholics Anonymous. Guests must adhere to a daily itinerary that consists of meetings, exercise, chores, meditation, inventory, random drug testing, community service, and making amends to all who have been affected by their behaviors. IAR is all about educating and preparing our guests to acclimate back in to their family life and to be productive members of society. In September of 2018, IAR opened the doors to our first home “Fox Run Sober Living”, a beautiful 3900 square foot home that houses 12 beds. All of the renovations were completed by volunteers from our community. Our next goal is to raise enough funds to open a second home for women. Our Program Director is David Hanley, who is entering his 8th year of sobriety. David has dedicated his life to giving back and helping others find the path to recovery by assisting families and loved ones with finding detox beds, support services, and the navigation of the limited resources. IAR also serves as a resource

for local police departments, as they often refer residents to our foundation for help. For more information, please contact us at [david@foxrunsoberliving.org](mailto:david@foxrunsoberliving.org) or call 978-455-4869.

### **The NAN Project**

**125 Hartwell Ave, Lexington, MA 02421**

**Phone Number:** (617) 587-1526

**Email:** [info@thenanproject.org](mailto:info@thenanproject.org)

The NAN Project is an initiative that promotes mental health awareness and suicide prevention programs in classrooms across Massachusetts. We do this through a peer-to-peer model, where our peer mentors present their comeback stories to students with the goal of opening up the conversation around mental health issues and reducing the stigma. These stories detail their struggles with mental illnesses, trauma, sexual identity/orientation or other issues facing young people, but more importantly, discuss the supports they were able to access and the coping strategies they have employed to get on to a path to recovery. This approach creates a safe space for students to discuss mental health and related topics and educates them on the resources available and steps to take when concerned about themselves or a peer.

So that this is not a one-and-done approach, we also work with students to develop Peer Leadership Teams within the schools that will continue to educate their classmates about mental health, emotional wellbeing and the available supports through regular activities and events throughout the school year. We also provide professional development for school staff on the signs, risks and responses to a student in crisis, to ensure that there are trusted adults available to provide support for their students.

We have trained over 120 Peer Mentors and are constantly looking for additional young people that share our desire to tear down the stigma around mental health. The goal is to show all young people that there is help and there is hope.

The mission of Alternative House is to facilitate the creation of a society in which violence and oppression will no longer exist. We are committed to the empowerment of all victims toward self-sufficiency. We do not discriminate against any race, class, culture, age group or sexual orientation.

We offer a variety of services. These include access to safe shelter, support, children's programming, legal, housing, and community advocacy. Alternative House offers emergency, confidential shelter for survivors of domestic violence, regardless of race, religion, and gender. We offer short term safe housing and shelter and work with victims to find a safe place to transition to. In addition, we also provide community education and support groups with the goal of reforming societal attitudes that permit violence and oppression against anyone. Education and training on domestic violence, teen violence, dating violence, and bullying prevention is also available.

Advocates for support or for shelter are present 24 hours a day, 365 days a year through our hour emergency hotline (1-888-291-6228 or 978-454-1436 for Local Lowell Line). Please contact us anytime for advocacy advice, shelter assistance referrals, or education/training.

Living My Dream Yoga is a Kripalu style yoga and meditation service. Christine Connolly began practicing yoga 20+ years ago as a personal practice to relieve stress, heal and live life on life's terms. Chris is a certified 500-hour Kripalu Yoga teacher teaching since 2015. She is also a Reiki II Practitioner.

Chris is an RN of 40 years with experience in hospital nursing, home care and public health. She works at Middlesex Community College since 2015 as a Nursing Clinical Instructor. Kripalu yoga is a gentle, meditative style of yoga that includes breath work, warm up movements leading into yoga postures. In the practice of Kripalu yoga, one is guided to move at your own pace, honoring your body's needs in each moment. The Kripalu approach is a compassionate, non-judgmental self-inquiry, connecting mind, body and spirit.

Yoga classes may include a brief meditation practice. Meditation classes are also an option utilizing different styles of meditation for different personality preferences.

Benefits of yoga and/or meditation may include:

- Relaxation
- Relief of stress, anxiety & compassion fatigue
- Higher levels of awareness
- Increased focus and ability to learn
- Increased flexibility
- Decreased pain
- Improved overall health and wellness

Chris teaches yoga to adults in the Lowell area including weekly classes at North Chelmsford Community Center. She teaches for cities, towns or businesses that chose to offer yoga or meditation classes to their employees. Group classes as well as private or semi-private classes are available at her Lowell studio.

The Medical Reserve Corps is a national organization of civilian responders. This public health program is comprised of nearly 800 units and 300,000 members, serving the public across the United States and its protectorates. The local Upper Merrimack Valley MRC unit covers seven communities: Billerica, Chelmsford, Dracut, Lowell, Tewksbury, Tyngsboro and Westford. The host agent is the Westford Health Department.

MRCs provide 'surge capacity' in times of great need. Our local unit responds to disasters of all kinds. Examples include emergency shelter support across five of our seven communities in March 2018 during Winter Storm Quinn; medical and non-medical services during the gas explosions across Lawrence and Andover for ten consecutive days; staffing at an Emergency Dispensing Site in Lowell due to a measles exposure; hospital backfill when flooding required nursing home patients to be evacuated; numerous weather emergencies. Throughout the COVID-19 pandemic, widely diverse responses included guidance to prevent against disease, and measures to offset food insecurity. The unit is also busy year-round with non-emergency deployments, including public outreach.

Our unit is specifically interested in collaborating with our response partners across the region. We recruit, train, and deploy volunteers for public health emergencies, mass-casualty events, and ongoing community service. Our members provided medical and administrative support for most of the region's public flu and COVID clinics. Instructors from the UMV MRC train members in topics that include CPR and first aid, crisis behavioral health, clinical skills, and caring for vulnerable populations. Community service activities include hypertension screening, health and wellness presentations, and outreach programs such as 'Stop the Bleed' and 'Until Help Arrives.'

**Website: <https://utecinc.org>**

**Email: [info@utecinc.org](mailto:info@utecinc.org)**

Founded in 1999 in Lowell, Massachusetts, UTEC is a nationally recognized agency with the mission of igniting the ambitions of at-risk youth to trade violence and poverty for social and economic success. We serve young people from Lowell and Lawrence, Massachusetts. Through UTEC, we offer an intensive series of programs outlined with three specific outcome areas: Reduced recidivism and criminal activity, increased employability, and increased educational attainment.

Some program examples include the following: “Street Outreach and Gang Peacemaking” is the starting point of UTEC’s program model. Streetworkers target and meet young people who are most disengaged and deeply involved in local youth gang networks. This sets the stage for peacemaking and bringing disconnected youth to UTEC. “Workforce Development and Social Enterprise” offers youth paid on-the-job experience. We focus on a pathway that starts with transitional employment and leads into opportunities for youth to be involved in the running of our own social enterprises. We also offer and provide education programs obtain their HiSET (formerly GED) and achieve civic engagement.

We look for clients to enroll in our program from the following demographics:

- Male and female older teens and young adults, ages 16-24
- Out of school without a high school credential with at least one risk factor:
  - Gang-involved
  - Court- or system-involved
  - Pregnant/Parenting

If you know a youth who might benefit from UTEC’s programs, we have an application available on our website at <https://www.utec-lowell.org/programs/streetworkers/referral-form>. Please feel free to call us for more information at 978-856-3902.

The clinician works primarily in partnership with police and fire/EMT around calls for service involving mental health and substance use; in addition, the clinician assists in resources sharing, referrals and admissions, continuum of care, service applications, brief treatment, and crisis assessments. Community members can access services outside of police/EMT involvement by contacting the Wilmington Police Department or by stopping into the station, all involvement is voluntary at the individual's choice. In addition, the Wilmington Substance Abuse Coalition organizes prevention and educational events to encourage community involvement and awareness of mental health and substance use across ages.

### **Zack's Team Foundation**

**21 Eastview Ave., Billerica, MA 01821**

**Website:** [www.zacksteam.org](http://www.zacksteam.org)

**Email:** [zacksteam818@gmail.com](mailto:zacksteam818@gmail.com)

Zack's Team foundation was founded by Louise Griffin and Michael Gys following the passing of their son Zachary Dennis Gys after struggling with substance abuse for many years. We believe that recovery is possible. We consider it our duty to bring attention to the common misconceptions of substance abuse. It is our mission to provide knowledge, hope and funds to help those families and persons affected by this wide-spread epidemic and disease. Many people fail to realize that substance abuse takes over one's mind and body. It becomes a lifelong battle and it is almost impossible to win the battle alone.

Finding appropriate treatment programs can be expensive, difficult, and confusing. Zack's Team Foundation uses 100% of its proceeds to send individuals to treatment. We believe in a 12-step based approach committed to helping individuals overcome the disease of addiction. We are also committed to spreading awareness and reversing the stigma that is often associated with those that suffer from this debilitating disease.

To apply for a scholarship through Zack's Team Foundation, the following criteria must be completed:

- Residency in the Greater Lowell Area
- Between the ages of 18-30 years old
- Exhaustion of all other financial means

Applications are available online [www.zacksteam.org](http://www.zacksteam.org). We are happy to answer all other questions you may have at [zacksteam818@gmail.com](mailto:zacksteam818@gmail.com).

**LOWELL HOUSE ADDICTION  
TREATMENT AND RECOVERY**

Zack's House is our staffed, transitional residential program for seven young men 18 to 26 years old to live and grow in a sober environment. Backed by Lowell House, Zack's House was purchased and designed to fill a major gap in recovery services to young men in early recovery from substance misuse. Typically, young men in early recovery go from the highly structured recovery home environment to independent living in a sober house with no transition and no community supports.

Zack's House fills that dangerous gap by providing a transitional program that includes:  
Daily meetings with an on-site recovery coach to review their recovery plan, work on developing job and independent living skills and plan for a sober future.  
Clinical consultation as needed with Clinical Director.  
Gender/Trauma-specific clinical groups.  
Health and Wellness groups and activities  
Relapse Prevention and Recovery Maintenance groups

To apply for housing with Zack's House, the following criteria must be completed:

- Completed a detox.
- 3-6 months in recovery (if at 3 months sobriety, then you must enter a Structured Outpatient Addiction Program on entrance to Zack's House).
- Active participation in recovery services or have completed a recovery program.
- Willing to abide by house rules.
- Active participation in a productive day: employment, school, volunteer work, recovery activities, etc.
- First and last month's rent down payment required

To apply, please fill our application and fax to Frank Campos, Supportive Case Manager, at 978-937-2559. For further information, you can call Frank Campos at 978-455-8516 or Diana Newell, Senior Director of Residential Services, at 978-459-8656, ext.14.
